2. IT report (Neeme Rand)

Peppol ligne in the database

Limits at the registration platform for the AC maybe not be necessary for next year's conference, as enough places are available.

3. Report competitions (Remco Koerts)

So far we see great competitions, the reason for more and more students bcz of Erasmus funds for the students to travel to competitions.

English Language skills need to improve; all schools need to take care of this matter, as well as just preparing the students in the right way.

One teacher underlined the necessity of taking care of the language skills.
